

U.S. Representative Alcee L. Hastings -- Fiscal Year 2011 Requested Projects

<u>Recipient</u>	<u>Project Title</u>	<u>Amount</u>	<u>Address</u>	<u>Purpose</u>
A Child Is Missing, Inc.	A Child Is Missing	\$200,000	500 SE 17th Street, #101, Fort Lauderdale, FL 33316	The very successful A Child Is Missing program provides free assistance to law enforcement agencies attempting to find a missing child or elderly adult in the first few hours after their reported disappearance.
American Red Cross South Florida Region	American Red Cross of South Florida, Emergency Aid to Military Families	\$925,000	335 SW 27th Avenue, Miami, FL 33135	There are no existing federal social service programs that can rapidly evaluate a financial crisis situation and respond in a 24-72 hour time frame. This program will assist servicemen and women and their families during extended deployments.
American Red Cross South Florida Region	American Red Cross Neighborhood Mobilization and Mitigation for South Florida	\$430,000	335 SW 27th Avenue, Miami, FL 33135	South Florida residents will be better prepared through disaster preparedness and training, and will have their survivability, recovery, and resilience enhanced during future catastrophic events.
Barry University	Juvenile Justice Center	\$500,000	11300 Northeast Second Avenue, Miami Shores, FL 33161	Children and families caught in the juvenile justice system benefit from top quality representation and services, ultimately reducing the juvenile crime rate and improving the quality of justice in Florida.

Barry University	Barry University Institute for Collaborative Sciences Research	\$3,600,000	11300 Northeast Second Avenue, Miami Shores, FL 33161	This Institute will establish, enhance, and expand Barry University's research capabilities and academic opportunities for minority students.
Barry University	Barry University Institute for Community and Economic Development	\$450,000	11300 Northeast Second Avenue, Miami Shores, FL 33161	Educating and training small business owners, managers, and leaders, is essential to improving our nation's economy. The Institute engages in needs assessments and skill development programs, and has been successful in job retention and job creation in the low to moderate income areas that are served.
Barry University	Center for Community Initiatives	\$500,000	11300 Northeast Second Avenue, Miami Shores, FL 33161	The Center for Community Initiatives at Barry University will offer a wide range of services to local communities, increasing the opportunity for underserved residents to receive needed assistance and access health, education, and other important resources.
Bethesda Healthcare System	Bethesda West Hospital Community Telemedicine Initiative	\$500,000	2815 S. Seacrest Blvd, Boynton Beach, FL 33435	This project, to create a truly effective digital system to record, share, and utilize patient data and medical information in real time, will improve patient care, save money, and serve as a cutting edge model for other healthcare delivery systems.

Bethune-Cookman University	Upgraded Library Technology and Communications Equipment Acquisition	\$200,000	640 Dr. Mary McLeod Bethune Blvd., Daytona Beach, FL 32114	Updated library and technology equipment will benefit thousands of students, a highly accomplished faculty, and the surrounding community at this historic, unique and successful university.
Broward College	Broward College South Campus Science Facility	\$302,000	111 East Broward Blvd, Fort Lauderdale, FL 33301	This project will enhance educational opportunities for students going into the field of environmental design, and expands capacity at the College to accommodate students who otherwise would struggle to meet their science requirements.
Broward College	Broward College, Institute of Public Safety Building Renovation	\$820,000	111 East Broward Blvd, Fort Lauderdale, FL 33301	The College provides initial training as well as professional development for law enforcement professionals from all over the country. This Institute is an important regional law enforcement resource.
Broward College	Broward College Scholarships for the Working Poor	\$250,000	111 East Broward Blvd, Fort Lauderdale, FL 33301	This project serves historically disadvantaged communities and families by helping promising students attain the financial means necessary to access higher education.

Broward County	Community Empowerment Center, Green Building Project	\$691,200	115 S. Andrews Avenue, Room 409, Fort Lauderdale, FL 33301	The CEC will expand economic and social development services to a community in need of revitalization and residents in need of social services; it will provide an avenue for community, business, and political leaders to convene; and it will opportunity to feature energy savings and green technology in a highly economically deprived area.
Broward County	PORT EVERGLADES HARBOR, FL	\$3,000,000	115 S. Andrews Avenue, Room 409, Fort Lauderdale, FL 33301	To remain internationally competitive, Port Everglades undertook an ambitious expansion of its facilities, requiring widening and deepening the port. This is a reimbursement for the federal cost share.
Broward County	BROWARD COUNTY, FL (REIMBURSABLE), SEGMENT III	\$6,000,000	115 S. Andrews Avenue, Room 409, Fort Lauderdale, FL 33301	The beaches of Broward County are chronically erosive, impacting over \$600 million a year in economic activity, 17,000 jobs, and local tax revenues. This project will help stave off erosion.
Broward County	PORT EVERGLADES HARBOR, FL	\$5,000,000	115 S. Andrews Avenue, Room 409, Fort Lauderdale, FL 33301	This repair work will restore the structural stability of the jetty, insuring protection of the Federal channel and the Navy facility, while also lowering periodic nourishment costs for the Federal Shore Protection Project.
Broward County	Desalination Alternative Water Supply Study	\$500,000	115 S. Andrews Avenue, Room 409, Fort Lauderdale, FL 33301	If this project is feasible it would create an unlimited water supply to address both consumption and irrigation demands for years to come.

Broward County	Transit Technology Improvements, Broward County, FL	\$3,500,000	115 S. Andrews Avenue, Room 409, Fort Lauderdale, FL 33301	Broward County's population growth and subsequent traffic congestion has generated additional demand for public transportation. Intelligent Transportation System technology will improve mass transit efficiency, ease of use, and comfort.
Broward County	Downtown Transit Corridor Program, Streetscapes, Fort Lauderdale, FL	\$4,000,000	115 S. Andrews Avenue, Room 409, Fort Lauderdale, FL 33301	The streetscape enhancements will create a more livable community by providing greater connectivity and accessibility in Fort Lauderdale's downtown neighborhoods, including improvements to public safety, traffic congestion, mass transit, and economic development.
Broward County	Downtown Transit Corridor Program, Downtown Circulator, Fort Lauderdale, FL	\$25,020,000	115 S. Andrews Avenue, Room 409, Fort Lauderdale, FL 33301	This transformational Circulator system will increase both local and regional access to new jobs and connect to the regional rail system. The project will induce approximately \$2 billion in new development, support over 35,000 new jobs, and will concentrate commercial growth in the downtown area.
Broward County	Hybrid buses, Broward County, FL	\$5,000,000	115 S. Andrews Avenue, Room 409, Fort Lauderdale, FL 33301	Broward County must expand mass transportation service, replacing older, energy inefficient buses with efficient vehicles to reduce costs, lower energy consumption, and improve passenger comfort and ease-of-use.

Broward County	Transit Park and Ride Lots, Broward County, FL	\$5,000,000	115 S. Andrews Avenue, Room 409, Fort Lauderdale, FL 33301	Broward County's population growth and subsequent traffic congestion has generated additional demand for public transportation. This project will ensure that there are enough easily-accessible park and ride lots geographically dispersed throughout the region to encourage the use of public mass transit.
Broward County	Public Safety Emergency Communications Phase 1	\$5,700,000	115 S. Andrews Avenue, Room 409, Fort Lauderdale, FL 33301	Interoperable, reliable voice and data communications for all police and fire rescue units within Broward County will greatly improve public safety.
Broward County	Southeast Florida Regional Climate Adaptation Pilot	\$8,000,000	115 S. Andrews Avenue, Room 409, Fort Lauderdale, FL 33301	Southeast Florida is home to over 5.5 million people, accounts for one-third of Florida's economy, and is one of the most vulnerable regions in the United States to the impacts of climate change. This project is a necessary opportunity for local governments and state and federal agencies to collaborate on future planning.
Broward County	Pediatric Mortality Public Awareness Campaign	\$150,000	115 S. Andrews Avenue, Room 409, Fort Lauderdale, FL 33301	This project furthers a multi-faceted campaign to include public awareness, consumer education and medical outreach to address racial and socio-economic disparities which exist with respect to infant mortality.

Broward Health	Pompano Beach Adult Primary Health Center	\$1,000,000	2011 NW 3rd Avenue, Pompano Beach, FL 33060	The Pompano Adult Primary Health Center provides comprehensive primary care services to uninsured and underinsured residents of northern Broward County. This expansion is necessary to keep pace with growing demand.
Children's Services Council of Palm Beach County	Healthy Beginnings Database and System Evaluation	\$350,000	2300 High Ridge Rd., Boynton Beach, FL 33426	Healthy Beginnings assists at-risk families with pre- and post-natal early intervention services, including access to essential medical care, counseling, nutrition, and education.
Children's Services Council of Palm Beach County	Centering Program in the Glades	\$340,000	2300 High Ridge Rd., Boynton Beach, FL 33426	This successful program provides essential prenatal care to women in small group settings, who otherwise have difficulty accessing these services.
Children's Services Council of Palm Beach County	Positive Child Outcomes Study	\$250,000	2300 High Ridge Rd., Boynton Beach, FL 33426	The project will assess the effectiveness of the Quality Counts Early Care and Education Program, allowing the local stakeholders CSC, Headstart, the School District of Palm Beach County, and Palm Beach State College to collaboratively align standards, set goals for quality improvement, and take actions to improve the provision of early care and education.

City of Belle Glade	Repair and Resurfacing of Critical Streets, Belle Glade, Palm Beach County, FL	\$5,680,000	110 Dr. Martin Luther King Jr. Blvd, West, Belle Glade, FL 33430	This community suffers from extremely high, entrenched unemployment and lacks a significant tax base for a range of city services. Citizens constantly complain about the state of local roads, which the city lost the ability to fund over 7 years ago. Repairing city streets is essential to improving the economic climate in and around this community, especially in the creation of jobs.
City of Boynton Beach	Response Time Initiative	\$50,000	100 E. Boynton Beach Blvd., Boynton Beach, FL 33435	These devices allow fire rescue crews to more quickly access gated communities, reducing response times during emergencies and other situations.
City of Boynton Beach	Boynton Wellfield Interconnection Raw Water Main	\$20,103,000	100 E. Boynton Beach Blvd., Boynton Beach, FL 33435	This project will assist the City with providing citizens with clean, potable drinking water, reduce the amount of energy needed to treat the water, and allow for a more efficient use of water resources, as well as provide a jobs boost to the area.
City of Boynton Beach	Martin Luther King, Jr. Blvd redevelopment	\$1,500,000	100 E. Boynton Beach Blvd., Boynton Beach, FL 33435	This project will improve sections of Martin Luther King, Jr. Blvd within a low-income community in order to increase safety, encourage redevelopment, and improve the quality of life for area residents.

City of Boynton Beach	Downtown Economic Development, Boynton Beach, FL	\$7,500,000	100 E. Boynton Beach Blvd., Boynton Beach, FL 33435	This redevelopment project is the linchpin of a citywide economic development effort that will improve the environment, attract tourism, and increase business and job opportunities for area residents.
City of Deerfield Beach	Sanitary Forcemain and Lift Station Installation	\$500,000	150 NE Second Avenue, Deerfield Beach, FL 33441	New infrastructure is needed to replace decades-old systems. This project will provide efficient, safe, reliable wastewater treatment collection, prevent a force main failure under the Intracoastal, and reduce the potential for hazardous pollution of surface and ground water.
City of Deerfield Beach	Cove Center Revitalization, Deerfield Beach, FL	\$250,000	150 NE Second Avenue, Deerfield Beach, FL 33441	This project will revitalize the City's traditional downtown area by rehabilitating the Cove Center, upgrading the infrastructure for over 50 businesses and spurring economic development and job creation.
City of Delray Beach	PALM BEACH COUNTY, FL (REIMBURSEMENT)	\$680,000	100 NW 1st Avenue, Delray Beach, FL 33444	This project provides significant environmental assistance as well as economic (i.e. tourism) benefits to the community, county, and state.
City of Fort Lauderdale	Solar Message Boards	\$93,600	100 North Andrews Avenue, City Hall, City Manager's Office, Ft. Lauderdale, FL 33301	Solar message boards are an effective tool in crime prevention and suppression, can communicate critical information before, during and after a major event like a natural disaster, and are energy efficient.

City of Fort Lauderdale	Osswald Park Improvements	\$500,000	100 North Andrews Avenue, City Hall, City Manager's Office, Ft. Lauderdale, FL 33301	Additional security lighting and perimeter fencing will improve park security for one of the City's busiest parks.
City of Fort Lauderdale	Electronic Traffic Citation Process	\$1,191,850	100 North Andrews Avenue, City Hall, City Manager's Office, Ft. Lauderdale, FL 33301	This project will implement electronic versions of traffic citations, creating or supporting approximately 13 jobs.
City of Fort Lauderdale	C51 -- Reservoir Water Supply	\$5,000,000	100 North Andrews Avenue, City Hall, City Manager's Office, Ft. Lauderdale, FL 33301	This is a regional approach to capture stormwater in a sustainable way to both reduce detrimental environmental effects on estuarine environments, as well as to provide additional drinking water to offset regional water withdrawals.
City of Fort Lauderdale	Summer Youth Employment Program	\$350,000	100 North Andrews Avenue, City Hall, City Manager's Office, Ft. Lauderdale, FL 33301	Funding for this project will allow the City of Fort Lauderdale to expand its summer youth employment program to provide positive experiential workplace learning and training opportunities for area teens during the summer months.
City of Fort Lauderdale	Redundant Emergency Communications Center	\$1,300,000	100 North Andrews Avenue, City Hall, City Manager's Office, Ft. Lauderdale, FL 33301	A hardened emergency communications facility is needed to ensure a continuity of emergency services in the event of a major event or disaster.
City of Fort Lauderdale	Public Safety Mesh Camera System Network	\$2,000,000	100 North Andrews Avenue, City Hall, City Manager's Office, Ft. Lauderdale, FL 33301	Necessary upgrades to enhance the current aging system, to ensure that the Police Department can maintain a high level of public safety.

City of Fort Lauderdale	Interoperable Communications Upgrade	\$2,000,000	100 North Andrews Avenue, City Hall, City Manager's Office, Ft. Lauderdale, FL 33301	Necessary upgrades to modernize the City's communications equipment, to ensure reliable communication within the City and among neighboring municipalities to maximize effective public safety.
City of Fort Lauderdale	Citywide Future Park Site Development	\$5,764,000	100 North Andrews Avenue, City Hall, City Manager's Office, Ft. Lauderdale, FL 33301	The city recently acquired land to use as parks, which otherwise would have been subject to development. These funds will help the City develop these parks for public use.
City of Fort Lauderdale	Northwest Neighborhood Improvements	\$1,000,000	100 North Andrews Avenue, City Hall, City Manager's Office, Ft. Lauderdale, FL 33301	Funding for pedestrian and safety improvements in underserved communities in Fort Lauderdale.
City of Fort Lauderdale	Flagler Greenway and Bicycle Facility	\$1,382,910	100 North Andrews Avenue, City Hall, City Manager's Office, Ft. Lauderdale, FL 33301	Completion of the Flagler Greenway and Bicycle Facility, creating jobs and improving pedestrian access and use of this area.
City of Fort Lauderdale	Structural Bridge Repairs, Ft. Lauderdale, FL	\$700,000	100 North Andrews Avenue, City Hall, City Manager's Office, Ft. Lauderdale, FL 33301	Ten bridges have been identified as structurally deficient and thus are in need of immediate repairs to ensure public safety and continuity of transportation infrastructure.
City of Fort Lauderdale	Progresso Village Neighborhood Streetscape Improvements	\$1,000,000	100 North Andrews Avenue, City Hall, City Manager's Office, Ft. Lauderdale, FL 33301	Necessary streetscape improvements will increase resident access to mass transit opportunities, as well as create an improved neighborhood climate for residential and commercial use.

City of Fort Lauderdale	Air Traffic Control Tower, FXE, Fort Lauderdale, FL	\$8,000,000	100 North Andrews Avenue, City Hall, City Manager's Office, Ft. Lauderdale, FL 33301	FXE serves a vital role in meeting the aviation demands of South Florida, and has a tremendous economic impact on the regional economy, generating over 3,500 local jobs and nearly \$400 in economic impact. This Control Tower is vital to continuing safe and efficient operations at this increasingly busy airport.
City of Fort Lauderdale	Shirley Small Community Park Development	\$750,000	100 North Andrews Avenue, City Hall, City Manager's Office, Ft. Lauderdale, FL 33301	Funding for the rec center and park improvements will ensure a safe and vibrant location for area youth to participate in after school, sports, educational and cultural activities.
City of Ft. Pierce	North 13th Street Revitalization	\$1,066,643	100 North U.S. 1, PO Box 1480, Ft. Pierce, FL 34954	These improvements will benefit a traditionally underserved community by connecting numerous businesses, the public school bus system, public mass transit, and local neighborhoods.
City of Lauderdale Lakes	Communication and Surveillance Equipment	\$500,000	4300 NW 36th Street, Lauderdale Lakes, FL 33319	This law enforcement technology equipment is critical to the first responder and emergency operations requirements of the City.
City of Lauderdale Lakes	Lauderdale Lakes Emergency Operations Center	\$500,000	4300 NW 36th Street, Lauderdale Lakes, FL 33319	The City needs an Emergency Operations Center for essential and comprehensive local and regional emergency management systems, and to ensure continuity of government operations and emergency response.
City of Lauderdale Lakes	Stormwater Improvements	\$500,000	4300 NW 36th Street, Lauderdale Lakes, FL 33319	Stabilizing the canal banks will prevent their failure during storms and hurricanes.

City of Lauderdale Lakes	Greenway Trails Project, Lauderdale Lakes, FL	\$325,000	4300 NW 36th Street, Lauderdale Lakes, FL 33319	The Greenway Trails will serve as an alternate transit route for pedestrians and cyclists, reducing traffic congestion and increasing public safety.
City of Lauderdale Lakes	Senior Services Facility	\$750,000	4300 NW 36th Street, Lauderdale Lakes, FL 33319	Necessary expansion of the existing Senior Services Facility, which provides extensive health, wellness, social, and recreational services to senior citizens, and is experiencing a rise in demand for its activities.
City of Lauderhill	Small Business Incubator Expansion	\$400,000	5581 West Oakland Park Blvd, Lauderhill, FL 33313	Funding would be used for the expansion of Lauderhill's small business incubator.
City of Lauderhill	Wastewater and Lift Station Renewal Project	\$1,500,000	5581 West Oakland Park Blvd, Lauderhill, FL 33313	This project provides critical updates to the City's wastewater infrastructure, including repairs to an aging sewer system and five lift stations.
City of Lauderhill	Florida Caribbean Multi-Purpose Facility	\$2,000,000	5581 West Oakland Park Blvd, Lauderhill, FL 33313	This facility will be a significant economic engine for a distressed area in Broward County, providing local jobs and boosting tourism.
City of Margate	City of Margate Law Enforcement Technology	\$540,000	5790 Margate Blvd, Margate, FL 33063	Upgraded communications technology will improve law enforcement in the City.
City of Margate	Margate Green Resource Building Initiative	\$200,000	5790 Margate Blvd, Margate, FL 33063	The Green Resource Center will be a model of energy efficiency, demonstrating the benefits of "Going Green" by reducing energy consumption.
City of Margate	Margate Wastewater Improvements	\$1,500,000	5790 Margate Blvd, Margate, FL 33063	Funds will be used for renovations and upgrades to the City's water and wastewater system, which are nearing the end of their expected lifespans.

City of Margate	Northwest Focal Point Senior Center Expansion	\$250,000	5790 Margate Blvd, Margate, FL 33063	Funds will be used to expand the Northwest Focal Point Senior Center to provide additional support and therapeutic services for seniors, including special services for those with physical or cognitive impairments.
City of Margate	Traffic Safety Improvement Project, Margate, FL	\$800,000	5790 Margate Blvd, Margate, FL 33063	This project addresses the City's ongoing concern with post-disaster public safety by replacing current infrastructure with mast arms to improve first responder access and better traffic flow.
City of Miramar	Miramar Green Business Incubator	\$300,000	2300 Civic Center Place, Miramar, FL 33025	The Green Business Incubator will enhance and expand small business opportunities and create jobs for a significant economic benefit to both Miramar and the South Florida regional business community.
City of Miramar	Miramar Public Safety Headquarters	\$5 million	2300 Civic Center Place, Miramar, FL 33025	This facility is essential to providing timely and effective public safety services, including police and fire rescue, and also provides a needed economic development boost to the area.
City of Miramar	Reclaimed Water Distribution System Expansion	\$1,400,000	2300 Civic Center Place, Miramar, FL 33025	This is critical component of the City's 10-year alternative water supply plan, which will ensure clean drinking water and preserve the sensitive environment.

City of Miramar	Miramar Town Center Transit Hub, Miramar, FL	\$3,000,000	2300 Civic Center Place, Miramar, FL 33025	The transit hub and associated pedestrian infrastructure will create opportunities for citizens to have increased access to jobs, housing, community services, recreation, and medical facilities, as well as mass transit access to other communities, cities, and counties.
City of Miramar	Miramar Multi-Service Center & Transit Hub, Miramar, FL	\$2,500,000	2300 Civic Center Place, Miramar, FL 33025	This project will enhance the quality of life of the residents of Miramar, enabling easier and more efficient access to jobs, housing, community services, recreation, and medical needs through improved transportation infrastructure and investments.
City of Oakland Park	Garden Acres Water Improvements	\$1,850,000	3650 NE 12th Avenue, Oakland Park, FL 33334	This project will provide a much-needed health benefit by protecting the water supply, alleviating flooding, and ensuring adequate fire flow.
City of Oakland Park	Park Lane East Revitalization Project, Oakland Park, FL	\$1,882,000	3650 NE 12th Avenue, Oakland Park, FL 33334	This project will create 82 jobs and set the stage for further improvements in Oakland Park, reducing blight in the City's Community Redevelopment Area.
City of Pahokee	Pahokee City Hall Project	\$5,000,000	171 North Lake Avenue, Pahokee, FL 33476	This project is to benefit the citizens of Pahokee who need a safe and efficient place of government to address critical city needs.
City of Pembroke Pines	SW 196th Avenue Storm Drainage Project	\$500,000	10100 Pines Blvd, Pembroke Pines, FL 33026	This project will eliminate flooding for area residents.

City of Pembroke Pines	Solar Powered Traffic Technology, Pembroke Pines, FL	\$300,000	10100 Pines Blvd, Pembroke Pines, FL 33026	Increase traffic safety and efficiency, especially during and after natural disasters and other emergencies, freeing up police and other first responders for critical needs.
City of Pembroke Pines	Surface road improvements, Pembroke Pines, FL	\$8,310,000	10100 Pines Blvd, Pembroke Pines, FL 33026	These road improvements will enhance critical public safety, school, and transportation access.
City of Plantation	Plantation Police Department Technology Program	\$900,000	400 NW 73rd Avenue, Plantation, FL 33317	Funds will enhance the City's crime prevention and detection capabilities and overall public safety.
City of Plantation	Plantation Emergency Operations Center	\$716,000	400 NW 73rd Avenue, Plantation, FL 33317	Consolidate the city's technology and data applications into a hardened data bunker, ensuring that the City's public safety activities will not be destroyed or hampered during a hurricane or other emergency.
City of Plantation	Midtown Greenway Transit System, Plantation, FL	\$1,200,000	400 NW 73rd Avenue, Plantation, FL 33317	These traffic and pedestrian enhancements will dramatically improve mobility and safety to midtown Plantation, the central business district, and will contribute to providing a safe and efficient transportation system.
City of Plantation	Multi-Use Recreational Trail System, Plantation, FL	\$1,000,000	400 NW 73rd Avenue, Plantation, FL 33317	This MURT system will serve pedestrians, bicyclists, and other non-motorized traffic, easing overall traffic congestion, promoting green transit opportunities, and enhancing community links and public safety.

City of Plantation	Kennedy Community Center and Plantation Woods Park, Plantation, FL	\$800,000	400 NW 73rd Avenue, Plantation, FL 33317	Modern upgrades to this outdated facility will enhance adult and youth activities and services, create or retain jobs, and promote civic environmentalism and enhance quality of life.
City of Pompano Beach	Wireless Backbone Upgrade	\$90,000	100 West Atlantic Blvd, Pompano Beach, FL 33060	Upgrade City's wireless communications network to enhance law enforcement and essential government functions.
City of Pompano Beach	Water Plant Treatment Unit Rehabilitation	\$181,500	1205 NE 5th Avenue, Pompano Beach, FL 33060	Necessary repairs to ensure clean and safe drinking water for area residents.
City of Pompano Beach	Utilities Operations Center	\$962,500	1205 NE 5th Avenue, Pompano Beach, FL 33060	Project will ensure water continuity for area residents during normal and emergency conditions, and will also provide jobs for local contractors for one year.
City of Riviera Beach	Law Enforcement Technology Improvement Project	\$750,000	600 West Blue Heron Blvd., Riviera Beach, FL 33419	Funds for critical law enforcement technology that will enhance public safety, improve emergency response, and reduce the city's crime rate.
City of Riviera Beach	Water infrastructure improvements	\$100,000	600 West Blue Heron Blvd., Riviera Beach, FL 33419	This project will improve the City's water-related infrastructure, addressing critical needs in wastewater management and potable water requirements.
City of Riviera Beach	Stormwater Management Plan - Lake Worth Lagoon	\$500,000	600 West Blue Heron Blvd., Riviera Beach, FL 33419	This project is essential to the long term environmental viability of the Lake Worth Lagoon, by improving water quality to ensure the biological integrity of the ecosystem.

City of Riviera Beach	Blue Heron Blvd Improvements, Riviera Beach, FL	\$1,000,000	600 West Blue Heron Blvd., Riviera Beach, FL 33419	Blue Heron Blvd is a vital arterial road in need of significant improvements to ensure traffic efficiency and public safety.
City of Riviera Beach	Economic Development Project, Riviera Beach, FL	\$8,000,000	600 West Blue Heron Blvd., Riviera Beach, FL 33419	The current area is blighted, underdeveloped, and aging. With the redevelopment the City anticipates providing expanded unemployment and training opportunities, systematically eliminating criminal influences, and creating an attractive and unique tourist environment on the waterfront.
City of South Bay	Street Improvements, South Bay, FL	\$4,519,822	335 SW 2nd Avenue, South Bay, FL 33493	City streets have not been maintained in some instances for over 30 years, leading to structural devastation. With a very small general fund and extremely high unemployment, the city lacks a strong tax base to make these critical repairs without federal assistance.
City of Sunrise	Water infrastructure development	\$5,000,000	10770 West Oakland Park Blvd, Sunrise, FL 33351	Sunrise is one of the largest water providers in Broward County. This project will enable the City to utilize Alternate Water Supply sources to ensure clean drinking water for area residents.
City of Sunrise	Municipal Radio Infrastructure	\$400,000	10770 West Oakland Park Blvd, Sunrise, FL 33351	This system will provide for greater flexibility and interoperability within the City's departments, including the Community Emergency Response Team and Fire-Rescue, enhancing public safety and services.

City of Sunrise	Sunrise Senior Center Improvements	\$450,000	10770 West Oakland Park Blvd, Sunrise, FL 33351	Essential improvements will enhance the ability to provide adequate services to the senior population.
City of Tamarac	Water Utility Improvements	\$700,000	7525 NW 88th Avenue, Tamarac, FL 33321	The water utility improvements are a necessary component of the Main Street Revitalization project, which will create a new mixed-use, pedestrian-friendly, city center to improve economic development opportunities and enhance quality of life.
City of Tamarac	Hybrid Buses, Tamarac, FL	\$175,000	7525 NW 88th Avenue, Tamarac, FL 33321	New buses will yield increased fuel savings and emissions reductions, as well as increased access for riders to further points outside the city.
City of Tamarac	Street Lighting Upgrades, Tamarac, FL	\$300,000	7525 NW 88th Avenue, Tamarac, FL 33321	Energy savings, extension of life-expectancy, and promotes green alternatives to transportation infrastructure.
City of Tamarac	Mainstreet Park and Ride Transit Hub, Tamarac, FL	\$760,000	7525 NW 88th Avenue, Tamarac, FL 33321	Mass transit project to increase accessibility to area commercial, retail, and residential hubs.
City of Tamarac	Main Street Revitalization, Streetscape Improvements, Tamarac, FL	\$1,500,000	7525 NW 88th Avenue, Tamarac, FL 33321	This project is a major component of the Main Street Revitalization project, which will create a new mixed-use, pedestrian-friendly, city center to improve economic development opportunities and enhance residents' quality of life.
City of Tamarac	Pine Island Road Pedestrian Overpass, Tamarac, FL	\$500,000	7525 NW 88th Avenue, Tamarac, FL 33321	This overpass will enable adults and children to safely cross an 8-lane roadway, positively impacting traffic flow and enhancing public safety.

City of West Palm Beach	Municipal Safety Consortium Interoperability Project	\$6,500,000	401 Clematis Street, West Palm Beach, FL 33401	Public safety interoperability is necessary to provide comprehensive security.
City of West Palm Beach	West Palm Beach Youth Empowerment Centers	\$1,500,000	401 Clematis Street, West Palm Beach, FL 33401	This project promotes job skills training, crime prevention, youth development, and educational improvement to prepare youth for the 21st Century workforce.
City of West Palm Beach	North Flagler Drive Improvements, West Palm Beach, FL	\$3,000,000	401 Clematis Street, West Palm Beach, FL 33401	This road connects to economic development centers, and improvements will ensure continuity and efficiency of access by residents, as well as enable the road to serve as a critical alternate to U.S. Highway 1 during emergencies.
Cross International, Inc.	Language: The Committee supports the work of Cross International and encourages consideration of their proposal for a project in Haiti benefiting children living in bondage, known as "restaveks".		600 Southwest 3rd Street, Suite 2201, Pompano Beach, FL 33060	Cross International, a Florida-based Christian relief and development agency, does incredible work around the world in support of health, education, housing and anti-poverty programs, particularly in Haiti.
Dan Marino Foundation, Inc.	Life Launch	\$685,212	17150 Royal Palm Blvd., Suite 1, Weston, FL 33326	The Life Launch Program provides intensive employment, life, and social skills practice (not generally provided in typical vocational training) for young adults with developmental disabilities who have exited the school system.
Early Learning Coalition	School Readiness Program	\$221,500	6301 NW 5th Way, Suite 3400, Fort Lauderdale, FL 33309	The Early Learning Coalition's School Readiness program is an integral piece of the overall early care and education system, serving the most at-risk children.

Florida Atlantic University	New Responses to Youth, Family, and Neighborhood Violence	\$200,000	777 Glades Road, ADM-206, Boca Raton, FL 33431	This project seeks to develop effective solutions for emerging patterns of youth and family violence, its causes, and consequences.
Florida Atlantic University	A+ START (Accelerate to Sustain, Train And Retain Teachers)	\$829,550	777 Glades Road, ADM-206, Boca Raton, FL 33431	Expansion of a successful education model to an additional 20 South Florida schools, 250 undergraduate students, and 4,000 struggling school children in high-needs schools.
Florida Department of Juvenile Justice	Juvenile Justice Institute at Florida A & M University	\$649,250	2737 Centerview Drive, Tallahassee, FL 32399	This project addresses critical research and service needs around the issue of juvenile crime and minority overrepresentation in the juvenile justice system, fielding a wide range of professionals to identify and develop strategies to decrease juvenile crime.
Florida Inland Navigation District	OKEECHOBEE WATERWAY, FL	\$1,360,000	1314 Marcinski Road, Jupiter, FL 33477	Dredging the Waterway will allow for navigation of the channel by commercial and recreational vessels. The Waterway annually transports over 700,000 tons of commercial cargo and has recreational visits by over 6.6 million people.
Florida Inland Navigation District	OKEECHOBEE WATERWAY, FL	\$3,804,000	1314 Marcinski Road, Jupiter, FL 33477	Dredging the Waterway will allow for navigation the channel by commercial and recreational vehicles, totally over 700,000 tons annually and 6.6 million visitors.

Florida International University	School of Environment and Society Research Facility and Business Incubator	\$6,500,000	3000 NE 151st Street, North Miami, FL 33181	The expansion of research facilities will benefit FIU and its students and researchers, as well as create state-of-the-art capabilities to address Commerce Department agency missions and NOAA relevant research.
Florida International University	Mass Scale Biosensor Threat Diagnostic for In-Theater Defense Utilization	\$4,000,000	11200 SW 8th Street, Miami, FL 33199	This project will help develop biosensor devices to protect military and civilian personnel from exposure to unknown toxicants.
Florida International University	Forensic Science Center of Excellence Focusing on National Security	\$2,000,000	11200 SW 8th Street, Miami, FL 33199	This initiative meets critical needs in the areas of military forensic science, as identified by the Department of Defense.
Florida International University	Wall of Wind -- Energy Focus Continuation	\$1,210,000	11200 SW 8th Street, Miami, FL 33199	The requested funding would transform FIU's Wall of Wind into the only facility in the world capable of testing a wide variety of structure types to help promote the net zero energy concept by improving energy efficiency, increasing renewable energy use, and enabling sustainability of basic resources.
Florida International University	FIU/Jackson North Hospital Multidisciplinary Clinical Research Facility	\$3,000,000	11200 SW 8th Street, Miami, FL 33199	Upgrading existing facilities to provide needed clinical care, research, and information technology to address to needs of underserved populations.
Florida International University	FIU, UniversityCity Project Community Impact Study, Miami, FL	\$1,300,000	10555 West Flagler Street, EC 3601, Miami, FL 33174	This project is an opportunity to reduce and eliminate costly subsidy payments and allow such funds to be recommitted to the capital costs of future projects and the rapid growth of transit and passenger rail systems.

Florida Memorial University	Minority Aerospace Training Program	\$1,200,000	15800 Northwest 42nd Avenue, Miami Gardens, FL 33054	The Minority Aerospace Training Program provides opportunities for minority students to pursue careers in military and civilian aviation.
Florida Memorial University	Carrie Meek Health Sciences Annex Facility	\$500,000	15800 Northwest 42nd Avenue, Miami Gardens, FL 33054	Expansion and renovation of the Health Sciences Building will enable faculty to engage actively and continually in front-line research, student preparation for STEM-related careers, and generate funds for further research and enhanced graduate/undergraduate recruitment.
Florida Memorial University	FMU Communication Initiative	\$400,000	15800 Northwest 42nd Avenue, Miami Gardens, FL 33054	This initiative addresses a vital national need to increase the number of minority students in the communications field and address the under-representation of minorities in the communications industry.
Florida National Guard	Warrior Support Complex Phase I	\$8,000,000	St. Francis Barracks, PO Box 1008, St. Augustine, FL 32085	CBJTC requires adequate facilities to maximize troop training, care, and readiness.
Florida Trail Association, Inc	Florida National Scenic Trail Land Acquisition	\$5,427,000	5415 SW 13th Street, Gainesville, FL 32608	Completing the Florida National Scenic Trail system provides an opportunity to marry recreation and conservation, in addition to providing jobs and numerous recreational opportunities for Florida residents and visitors.
Forever Family Inc.	Child Safety and Adoption Initiative	\$200,000	24 SE 9th Avenue, Fort Lauderdale, FL 33301	Forever Family is a unique and highly successful nonprofit organization that utilizes the power of the media to create awareness regarding foster children and teens, and help find them lasting homes.

Glades Utility Authority	LAKE REGION WATER TREATMENT PLANT, PALM BEACH COUNTY, FL	\$7,500,000	39800 Hooker Highway, Belle Glade, FL 33430	The Lake Region Water Treatment Plant will supply clean water to the Glades communities, mitigating persistent public health, operational reliability, and fiscal concerns for the underserved Glades communities.
Glades Utility Authority	Water Infrastructure Improvement Project	\$9,000,000	39800 Hooker Highway, Belle Glade, FL 33430	This project is needed to maintain adequate water supply and pressure to meet public safety needs.
Goodwill Industries of South Florida	Broward Employment and Training Center	\$1,000,000	2121 NW 21st Street, Miami, FL 33142	Goodwill will implement a successful model to create 250 new jobs, as well as rehabilitate, train, and place annually at least 200 people into local community employment in Broward County.
Haitian Heritage Museum	Haitian Heritage Museum Cultural and Educational Improvements	\$75,000	4141 N. E. Second Avenue, Suite 105C, Miami, FL 33137	The Haitian Heritage Museum facilitates activities that foster cultural diversity, enhance educational opportunities, and assist the local and regional Haitian community with social, recreational, and economic opportunities.
Hendry County	Emergency Operations Center	\$500,000	165 South Lee Street, LaBelle, FL 33975	Hendry County is in need of communications equipment essential to the operations of the new EOC, which is the focal point during county-wide emergencies.
Hendry County	Wastewater Improvements	\$500,000	165 South Lee Street, LaBelle, FL 33975	This project will significantly increase wastewater capacity at Airglades Airport, where current limitations prevent the development of an industrial park.

Hendry County	Old Hendry County Courthouse	\$200,000	165 South Lee Street, LaBelle, FL 33975	The building, constructed in 1926 and listed on the National Register of Historic Places, is currently unstable and in need of rehabilitation, preserving a major cultural piece of local history.
Hendry County	State Road 80 Widening, Hendry County, FL	\$10,000,000	165 South Lee Street, LaBelle, FL 33975	State Road 80 is a major agricultural, "farm to market" and freight route for east/west movement across Florida. This increased capacity will allow future development to meet county and regional needs.
Hendry County	County Road 78 Widening, Hendry County, FL	\$1,500,000	165 South Lee Street, LaBelle, FL 33975	This roadway is located in the fastest growing part of the County and requires immediate improvements to avoid further degradation.
Hendry County	Harlem Downtown Revitalization Project	\$500,000	165 South Lee Street, LaBelle, FL 33975	This project will revitalize a blighted community in an economically-depressed area of the county, boosting commercial development opportunities and improving the quality of life of all residents.
Hispanic Unity of Florida, Inc.	Jumpstart Opportunities for Building Self-sufficiency (J. O. B. S.)	\$691,610	5840 Johnson St., Hollywood, FL 33021	Through streamlined access to benefits and greater financial knowledge, families build financial stability, obtain jobs, and connect to the economic mainstream. Families can purchase homes in their neighborhood, increase their consumer spending, build retirement assets, and bring tax dollars into the community.

Indian River State College	The Energy Center at Indian River State College	\$950,000	3209 Virginia Avenue, Fort Pierce, FL 34981	This facility will address training and education for the energy sector, and demonstrate the convergence of emerging technologies in the development of high-wage, high-skill jobs
Jewish Adoption and Foster Care Options, Inc. (JAFCO)	JAFCO Respite Home and Family Resource Center for Children with Autism	\$500,000	4200 N. University Dr., Sunrise, FL 33351	The JAFCO Respite Home & Family Resource Center for Children with Autism will provide the respite, therapy, training, independent-living and support services to children in the South Florida area and will establish Broward County as a national leader in working with autistic children and their families.
Jewish Museum of Florida, Inc.	Jewish Museum of Florida Temporary Exhibition Budget	\$1,165,000	301 Washington Ave., Miami Beach, FL 33139	The Jewish Museum of Florida is the only museum that collects, preserves and interprets the material evidence of Jewish life in Florida, a state that hosts 16% of the American Jewish community, and offers essential local programs and activities for the sustainment of Jewish life in South Florida.
Martin County	ST. LUCIE INLET, FL	\$6,307,000	2401 SE Monterey Road, Stuart, FL 34996	Safe navigation will be in jeopardy in the near future without dredging; the St. Lucie Inlet was rated as the most dangerous inlet on the East Coast.
Martin County	MARTIN COUNTY, FL	\$8,000,000	2401 SE Monterey Road, Stuart, FL 34996	This shore protection project protects against the effects of beach erosion; this project has a positive cost-benefit ratio and is proven to save Federal recovery after storms.

Memorial Healthcare System	Joe DiMaggio Children's Hospital	\$1,000,000	3501 Johnson St., Hollywood, FL 33021	Joe DiMaggio Children's Hospital (JDCH) is the only children's hospital in Broward and Palm Beach Counties that can serve children who present the most threatening illnesses with world-class technology and a highly qualified staff of medical professionals. The hospital serves an expanding population that includes growing numbers of Medicaid-eligible patients and the uninsured, and is the safety-net hospital for thousands of underserved Floridians.
Miccosukee Tribe of Indians of Florida	Miccosukee Road Resurfacing Project, Miccosukee Reserved Area, FL	\$1,100,000	US 41 Mile Marker 70, Miami, FL 33194	Funding will allow the Tribe to completely resurface both lanes of these roads in order to avoid a patchwork approach which leads to potholes and road deterioration, extending the life of these roads by 5-10 years.

National Black Leadership Commission on AIDS	African-American Community Mobilization for HIV/AIDS	\$500,000	120 Wall Street, Suite 2303, New York, NY 10005	This project responds to the current public health emergency that exists in African-American communities nationwide that are disproportionately impacted by the HIV/AIDS epidemic and other public health disparities. Successful implementation of this project will result in increased prevention knowledge of HIV/AIDS and other drivers of the epidemic; increased HIV testing; increased numbers of persons who know their status and are entering into treatment and care; and, ultimately, a reduction in death rates and spread of this disease.
Naval Sea Cadet Corps	Naval Sea Cadet Corps	\$635,000	2300 Wilson Blvd North, Suite 200, Arlington, VA 22201	Funds will enable youth to participate in the Naval Sea Cadet Corps during the summer months, providing them with a valuable opportunity to develop important skills and leadership ability.
Nova Southeastern University	Center for Medical Education and Patient Safety	\$3,424,016	Health Professions Division, 3200 University Drive, Fort Lauderdale, FL 33328	Health technology upgrades and training will improve medical care and patient outcomes.
PACE Center for Girls, Inc	PACE Center for Girls -- Bridging the Gap	\$673,931	1 West Adams Street, Suite 301, Jacksonville, FL 32202	Bridging the Gap will decrease the number of girls in Florida entering the juvenile justice system and increase the number of girls adequately prepared for the challenges of the new economy.

Palm Beach Community College	Public Safety Program Expansion and Mobile Crime Scene Training Unit	\$373,000	4200 Congress Ave., Lake Worth, FL 33461	State colleges are instrumental in providing job training and certification to many of the nation's workers. Federal investment in this program will provide for increased training in these high-demand specialty areas, as well as provide continuing education opportunities for existing law enforcement.
Palm Beach International Airport	TRACON Replacement at Palm Beach International Airport	\$7,300,000	1000 Turnage Boulevard, West Palm Beach, FL 33406	This project will provide capital improvements to the air traffic and navigational facilities at the airport. As outlined by the FAA, funding in FY 2011 would be used for Equipment Acquisition, Program Management, Engineering, Planning, Design, Facility, and Site Prep/Installation at the Palm Beach International Airport.
Palm Beach State College	Rural Technology Enhancements	\$350,000	4200 Congress Ave., Lake Worth, FL 33461	Palm Beach State College will make necessary infrastructure and equipment enhancements to expand this successful program into the remaining degree- and certificate-track courses, including health professions, biotechnology, continuing workforce education, college preparatory, and teacher professional development and certification programs. The College will priority making enhancements at its Belle Glade campus.

Palm Beach State College	Institute for Energy and Environmental Sustainability (IEES)	\$613,330	4200 Congress Ave., Lake Worth, FL 33461	The Institute will house five degree and certificate programs in emerging high-growth green sector industries, providing essential job training and certification for the next generation of workers.
Port of Palm Beach District	LAKE WORTH INLET, FL	\$4,000,000	One East 11th Street, Riviera Beach, FL 33404	The Port of Palm Beach is an international gateway through which a wide variety of goods and services flow to the economic benefit of the county, state, and federal government.
Port of Palm Beach District	LAKE WORTH INLET, FL	\$500,000	One East 11th Street, Riviera Beach, FL 33404	The Port of Palm Beach is an international gateway through which a wide variety of goods and services flow to the economic benefit of the county, state, and federal government.
Reading is Fundamental	Reading is Fundamental	\$250,000,000	1825 Connecticut Ave. NW, Washington, DC 20009	Funding will be used for purposes authorized in Section 5451 of the Elementary and Secondary Education Act. Reading Is Fundamental enhances child literacy by providing millions of underserved children with free books for personal ownership and reading encouragement from the more than 18,000 locations throughout all fifty states, Washington, D.C., Guam, Puerto Rico, and the U.S. Virgin Islands.

School District of Palm Beach County	Aggressors, Victims, Bystanders	\$650,000	3300 Forest Hill Boulevard, West Palm Beach, FL 33406	This program uses a nationally-recognized model to teach middle school students ways to manage conflict in healthy ways, making schools safer. Funding will enable the school district to bring this program to all 6th graders in the county's 33 middle schools.
School District of Palm Beach County	Family Literacy Project	\$500,000	3300 Forest Hill Boulevard, West Palm Beach, FL 33406	Nearly half of new students entering Palm Beach County Schools come from families with very limited English proficiency. Many of the parents do not have the formal education or skills necessary to assist their children with their education needs in the home. Federal funding would allow the School District to expand a successful program by developing, procuring, and implementing a scientifically-based, adult English language program.
School District of Palm Beach County	Palm Beach County Parent and Community Involvement Project	\$500,000	3300 Forest Hill Boulevard, West Palm Beach, FL 33406	Parental involvement is linked to higher student achievement and healthy intellectual and socio-emotional development. This project targets those populations most at risk to ensure that families who need assistance are able to access proper support services.
Seminole Tribe of Florida	SOUTH FLORIDA EVERGLADES ECOSYSTEM RESTORATION, FL	\$800,000	6300 Stirling Road, Hollywood, FL 33024	This project is a component of the Comprehensive Everglades Restoration Plan.
Seminole Tribe of Florida	SOUTH FLORIDA EVERGLADES ECOSYSTEM RESTORATION, FL	\$4,200,000	6300 Stirling Road, Hollywood, FL 33024	This project is a component of the Comprehensive Everglades Restoration Plan.

Seminole Tribe of Florida	Water Entitlement Study	\$250,000	6300 Stirling Road, Hollywood, FL 33024	Ensuring that sufficient water supply for environmental needs is available to the Seminole Tribe.
Seminole Tribe of Florida	Snake Road Improvement Project, Seminole Big Cypress Indian Reservation	\$6,987,780	6300 Stirling Road, Hollywood, FL 33024	This project will create 162 direct jobs and 310 indirect jobs in Hendry County, as well as address major safety concerns about the high rate of accidents, injuries, and fatalities on the road.
South Florida Water Management District	CENTRAL AND SOUTHERN FLORIDA, FL	\$180,000,000	3301 Gun Club Road, West Palm Beach, FL 33406	The restoration of the Everglades is a unique historical opportunity to ensure lasting environmental sustainability and clean drinking water for millions of Florida residents.
South Florida Water Management District	HERBERT HOOVER DIKE, FL (SEEPAGE CONTROL)	\$104,800,000	3301 Gun Club Road, West Palm Beach, FL 33406	Construction on the Herbert Hoover Dike, to protect the Glades communities from flooding.
St. Lucie County	St. Lucie County PACE Program	\$1,000,000	2300 Virginia Avenue, Fort Pierce, FL 34982	The PACE program will reduce energy costs for local home and business owners, promote energy conservation, create new employment opportunities in the county's emerging green markets, and lay the foundation for a more sustainable economic and environmental future.
St. Lucie County	Water infrastructure, Treasure Coast Research Park	\$2,000,000	2300 Virginia Avenue, Fort Pierce, FL 34982	The Treasure Coast Research Park is an integral part of the County's continued economic growth, particularly in the burgeoning biotechnology industry.

St. Lucie County	St. Lucie International Airport Taxiway A & B Rehabilitation	\$2,707,500	2300 Virginia Avenue, Fort Pierce, FL 34982	In addition to direct job creation, maintaining and upgrading the airport's facilities and infrastructures ensures its continued use for a variety of commercial and recreational activities.
Susan B. Anthony Center, Inc.	Susan B. Anthony Center -- Stop The Cycle	\$518,300	1633 Poinciana Drive, Pembroke Pines, FL 33025	This program assists homeless women and families -- many of whom are victims of substance abuse, sexual or physical abuse, or mental health issues -- recover and transition into stable lives.
The ARISE Foundation	ARISE Life-Management Skills Intervention/Re-entry Program for High Risk Youth	\$1,000,000	824 US Highway 1, Suite 240, North Palm Beach, FL 33408	This successful program focuses on educating juvenile care and detention officers on how to address anger management, non-judgmental listening, and conflict resolution to avoid conflict between detention officers and youth offenders incarcerated in juvenile justice facilities
The ARISE Foundation	ARISE Life Management Skills	\$500,000	824 US Highway 1, Suite 240, North Palm Beach, FL 33408	The ARISE Intervention Re-entry Program provides Washington DC juvenile justice and nonprofit staff with in-depth training and specialized skills to deal with incarcerated and high-risk youth. Mounting evidence suggests that sustained participation in structured, group activities is key to healthy developing and positive outcomes for troubled youth.
